

Kids Camp

June 8, 2009 – August 7, 2009

Ages 12-17

Enroll in 3 classes and get
the 3rd class 1/2 off!

Many courses and activities will be offered to provide participating kids a fun and exciting summer. This camp is designed to also provide an opportunity for kids to gain skills and knowledge that may help them enhance their academic abilities for the upcoming school year. The following camps/courses will be offered:

Tennis Fitness Camp

Students will learn beginning, intermediate and advanced techniques and rules of tennis including front hand and backhand strokes, learning to serve, volley, and keep score.

Summer Learning

Learn Spanish

Students will learn vocabulary, phrases and sentences needed for basic communication using the Spanish language.

Writing for Music

Students will engage in the creative process of writing lyrics for music.

Computerized Math & Science

Computer-based simulations are used to allow students to explore the world of math & science.

Young Entrepreneurs

Are you the Next Millionaire?

Students will learn the concepts and processes necessary to start and operate a small business.

Music and Dance

Hip-Hop, Fitness & Freestyle

Students can have fun and get fit too, with the energetic moves of these dance styles.

Learn to Play Guitar

Students can learn the fundamentals of playing the guitar.

Multimedia & Design Classes

Gaming

Students will be introduced to gaming basics.

Cartooning

Students will create graphics and animation while learning the fundamentals of cartooning.

Photo Novella

Students will engage in digital storytelling using unique concepts and photos.

Short Film Design

Students will create an original digital short film using Stop Motion Animation.

Computer-Aided Design

Students will learn the fundamentals of drafting using AutoCAD software.
