

YOUR SENIOR CAPSTONE PROJECT: HOW THE RICHLAND LIBRARIANS CAN HELP

- The Richland College Library has a vast array of amazing print and electronic resources available to you for your research projects.
- How will you learn to identify, locate, and use all of these valuable resources?
- How will you learn to locate scholarly journal articles on your topic?
- How will you learn how to use MLA format?

An experienced Reference Librarian will be able to help you. All you have to do is:

1. Select a Reference Librarian from the list below.
2. E-mail a copy of your Senior Capstone topic to a reference librarian. Be sure to put “Senior Capstone proposal” in the subject line.
3. Schedule ***an appointment*** to meet and consult with the reference librarian before you turn in your final project.
4. Contact a librarian to schedule your first appointment ***as soon as possible***. Some topics take longer to research than others.

How will you know who the Reference Librarians are?
